

ICMEE eWorkshop Restorative Practices and Multilingual Learners

Essential Question: How can Restorative Practices empower multilingual learners in your school community?

Guiding Questions:

- **Unit 1:** What does it mean to have a Restorative Classroom?
- **Unit 2:** What does a restorative community look like for multilingual learners?
- **Unit 3:** What is the difference between Restorative Justice and Restorative Practice for multilingual learners in my community?
- **Unit 4:** What is the foundation of a Restorative Community that is inclusive of multilingual learners?
- **Unit 5:** In what way is Restorative Language an integral part of Restorative Practices for multilingual learners?
- **Unit 6:** How can Restorative Practices empower multilingual learners in your school community?

What is an eWorkshop?

Our eWorkshops are innovative online multi-media resources available free of cost to professional learning communities of educators who wish to collaboratively inquire into and improve their practice with bi/multilingual learners.

eWorkshops are inquiry oriented and are guided by an essential question and a guiding question for each of the six units in an eWorkshop. Each unit follows the same three-part learning cycle that we call Explore, Make-It-Work, and Share. In Explore participants spend 30-60minutes exploring new ideas, content, concepts or perspectives. In Make-It-Work, participants are offered a minimum of two designed and completely supported options of how to make the new learning from Explore work in an actual classroom context. Make-It-Work takes around one hour of a participant's time and always has a "You Make-It-Work" option, which gives participants the flexibility to design their own approach or tweak one of the options we offered. Finally, participants Share their learning either in our online space (a threaded discussion) or Face-to-Face. Share usually takes 30-60minutes of a participant's time meaning that completing the three-part learning cycle of each unit takes about three hours. eWorkshop participants who complete all six units can receive a certificate of completion as well as use their work towards a course that will earn them one graduate level credit at the University of Nebraska Lincoln.
