

ICMEE eWorkshop:

The Standards of Effective Pedagogy: Standards 5 and 6 (Grades K-12)

Essential Question: How do the CREDE standards for Instructional Conversations and Critical Stance improve instruction for multilingual learners?

Guiding Questions:

- **Unit 1:** How does leading instructional conversations that include significant time for student talk benefit students, especially multilingual students?
- **Unit 2:** How do multilingual students benefit from Instructional Conversations?
- **Unit 3:** What does Critical Stance look like in the elementary or secondary classroom?
- **Unit 4:** How do multilingual students benefit from taking a critical stance in content areas?
- **Unit 5:** How do all six CREDE standards fit together?
- **Unit 6:** Answer the Essential Question.

What is an eWorkshop?

Our eWorkshops are innovative online multi-media resources available free of cost to professional learning communities of educators who wish to collaboratively inquire into and improve their practice with bi/multilingual learners.

eWorkshops are inquiry oriented and are guided by an essential question and a guiding question for each of the six units in an eWorkshop. Each unit follows the same three-part learning cycle that we call *Explore*, *Make-It-Work*, and *Share*. In *Explore* participants spend 30-60 minutes exploring new ideas, content, concepts or perspectives. In *Make-It-Work*, participants are offered a minimum of two designed and completely supported options of how to make the new learning from *Explore* work in an actual classroom context. *Make-It-Work* takes around one hour of a participant's time and always has a "You Make-It-Work" option, which gives participants the flexibility to design their own approach or tweak one of the options we offered. Finally, participants *Share* their learning either in our online space (a threaded discussion) or Face-toFace. *Share* usually takes 30-60 minutes of a participant's time meaning that completing the three-part learning cycle of each unit takes about three hours. eWorkshop participants who complete all six units can receive a certificate of completion as well as use their work towards a course that will earn them one graduate level credit at the University of Nebraska Lincoln.
